

**'MAF aircraft fly all sorts of things
To help people out,' Mike said.
'This Advent, let's build a list of them
All the way from A to Z.'**

P is for primary school teacher,
Someone who helps us to learn.
But if there isn't a school where you live,
Then education is quite a concern.

In the country of Bangladesh,
Which was Mike's next destination,
He'd heard of lots of children
In a very remote location.

There wasn't a school for them nearby,
But teacher Julie was willing to go.
She'd set up a new school for the children,

But still needed to get there though.

Mike's MAF plane is just the thing
For getting to a far-flung place,
So Julie climbed into the plane,
With a massive great smile on her face.

'Without you to fly me, Mike,' she said,
'This journey would take me all day.
But your plane will get me to the classroom
Safely and without delay.'

**Primary teachers are just some of the
passengers
That MAF flies through the skies.
Join us tomorrow for the next letter,
And another exciting surprise.**
