

**'MAF aircraft fly all sorts of things
To help people out,' Mike said.
'This Advent, let's build a list of them
All the way from A to Z.'**

W is for water, so refreshing to drink.
It stops us getting dehydrated.
But dirty water can make you sick;
It's important that it's filtrated.

Mike's next stop was in South America
To visit his friends in Brazil.
They were working to provide clean water
So people there wouldn't get ill.

'It's good to see you, Mike,' they said,
'Can you fly us to the Purus River?
We have boxes of water filters
That we need you to deliver.'

Mike and Foxtrot were happy to help
And join the exciting scheme,
Helping the people of western Brazil
Obtain access to water that's clean.

**Water filters are just one of the things
That MAF flies through the skies.
Join us tomorrow for the next letter,
And another exciting surprise.**
