

**'MAF aircraft fly all sorts of things  
To help people out,' Mike said.  
'This Advent, let's build a list of them  
All the way from A to Z.'**

F is for fuel drums – jolly and red,  
And very heavy indeed.  
With fuel inside, to help our planes fly,  
It's just what our pilots need.

Mike's next stop was back in Australia,  
To MAF's maintenance base.  
Waiting was Pilot Bridget,  
With a great big smile on her face.

'Welcome, Mike and Alpha,  
I hope you can help me today.  
These drums full of fuel will help me fly  
To Arnhem Land far away.'

The friends were only too happy to help,  
And the drums were soon on the plane.  
Then heading west towards Arnhem Land,  
They knew they'd see their friends again.

**These fuel drums are just one of the things  
That MAF flies through the skies.  
Join us tomorrow for the next letter,  
And another exciting surprise.**
