

**'MAF aircraft fly all sorts of things
To help people out,' Mike said.
'This Advent, let's build a list of them
All the way from A to Z.'**

H is for healthcare workers
Who use their special skills
To help people far from a hospital,
And take care of all their ills.

Next stop for the friends was Angola,
The home of Dr Tim.
He looks after people who aren't very well,
So they were pleased they could help him.

'Hello friends,' said the doctor,
As Mike carefully landed his plane.
'I'm needed in a hard-to-reach village,
Do you think you could help me again?'

'I help people when they're feeling sick,
I tell them about Jesus too,
But the village is a very long way away,
So I can't get there without you.'

'Climb on board,' shouted Alpha.
'We'll soon get you there,' said Mike.
Foxtrot said, as he loaded the plane,
'We're glad we can save you a hike.'

**Healthcare staff are just some of the
passengers
That MAF flies through the skies.
Join us tomorrow for the next letter,
And another exciting surprise.**
