

**'MAF aircraft fly all sorts of things
To help people out,' Mike said.
'This Advent, let's build a list of them
All the way from A to Z.'**

I is for injured people,
Who need urgent medical care.
If they can't get to hospital by car or bus,
MAF carries them in the air.

As Mike and his friends headed west,
An urgent call came through:
'Could you hurry to the island of Timor-Leste?
We've an urgent job for you.

'A villager was hurt on his bike,
When it started veering madly.
Please take the patient in your plane,
He needs a crutch quite badly.'

The friends were only too happy to help,
And they sped to the man in their plane.
They soon had him safe with the doctors
Who helped him feel better again.

**Injured people are just some of the passengers
That MAF flies through the skies.
Join us tomorrow for the next letter,
And another exciting surprise.**
